Handicare **1100** stairlift

FOR STRAIGHT STAIRCASES

Unique Drive System Provides Elegant Look with Robust Performance

Right away, you will notice the slim profile of this stylish, yet powerful stairlift. Thanks to its patented 4-motor friction drive, there is no exposed gear rack resulting in a clean look and feel on your stairs. The 1100 model offers a variety of additional options including a powered seat swivel and footrest as well as unique solutions to eliminate trip hazards at the top and bottom landings. The Handicare 1100 from Savaria includes continuous charging on the rail with Easy Glide technology for gentle stops and a smooth enhanced ride quality.

With a great selection of upgrades, this stairlift addresses additional mobility concerns as well as common issues due to doors at the top and bottom landings.

savaria®

Handicare **1100** | Straight Stairlift

Automatic Slide Track System

As you move up or down the stairs, the rail moves out of the way at the bottom and top landings eliminating a potential trip hazard. Available as an upgrade option.

Get More with the 1100

Enclosed Rail
There is no exposed gear rack, providing an elegant and clean look on your stairs.

Easy Hinge
Lightweight manual hinge with gas strut operation for use at lower landing.

Zero Intrusion
Innovative bracket design to eliminate rail overrun at last stair.
